

PROJECT SHOWCASE

Project	WARIDI FLOWER FARMS
Material	GROUND MOUNTED SOLAR RACKS MADE OUT OF ZINCAL STEEL
Developer	ASTONFIELD
Special features	<p>Astonfield, a leading provider of renewable energy in emerging markets has partnered with Safal Building Systems for the development of customized ground mounted storage racks for the support of solar panels. These solar racks are made of cold formed Zincal steel manufactured by MRM. Safal Building Systems has become the preferred partner for the supply of these ground mounted storage racks due to the following advantages</p> <ul style="list-style-type: none"> • Engineered, Customized solution • A much lighter solution, making the foundation lighter • Faster to erect, no site welding / painting. • Excellent corrosion solution due to world renowned Zincal made by MRM
