

PROJECT SHOWCASE

Date complete	2017
Project	AO BAYUSUF
GPS / location	JOMVU, MOMBASA
Roofing Material	COLOURPLUS AZ100 - (Specially developed colour finishes)
Profile	MAXCOVER IN 28 GAUGE
Special features	AO Bayusuf is a distinguished regional transport services provider with a large yard located in Jomvu, Mombasa. When their premises required an upgrade, they came to MRM for a personalised roofing system. They wanted a new, modern roof complete in their corporate colours that would provide long term protection in the harsh coastal climate. The answer to this was a roof of custom colours made out of our premium ColorPlus paint system, designed to match the brand colours of yellow and green.

ADDITIONAL NOTES:

MRM is able to provide very personalized requirements to any customer based on some certain terms and condition. When you require more than the ordinary, MRM is the only logical partner for your project.
