
MILD STEEL BEAMS

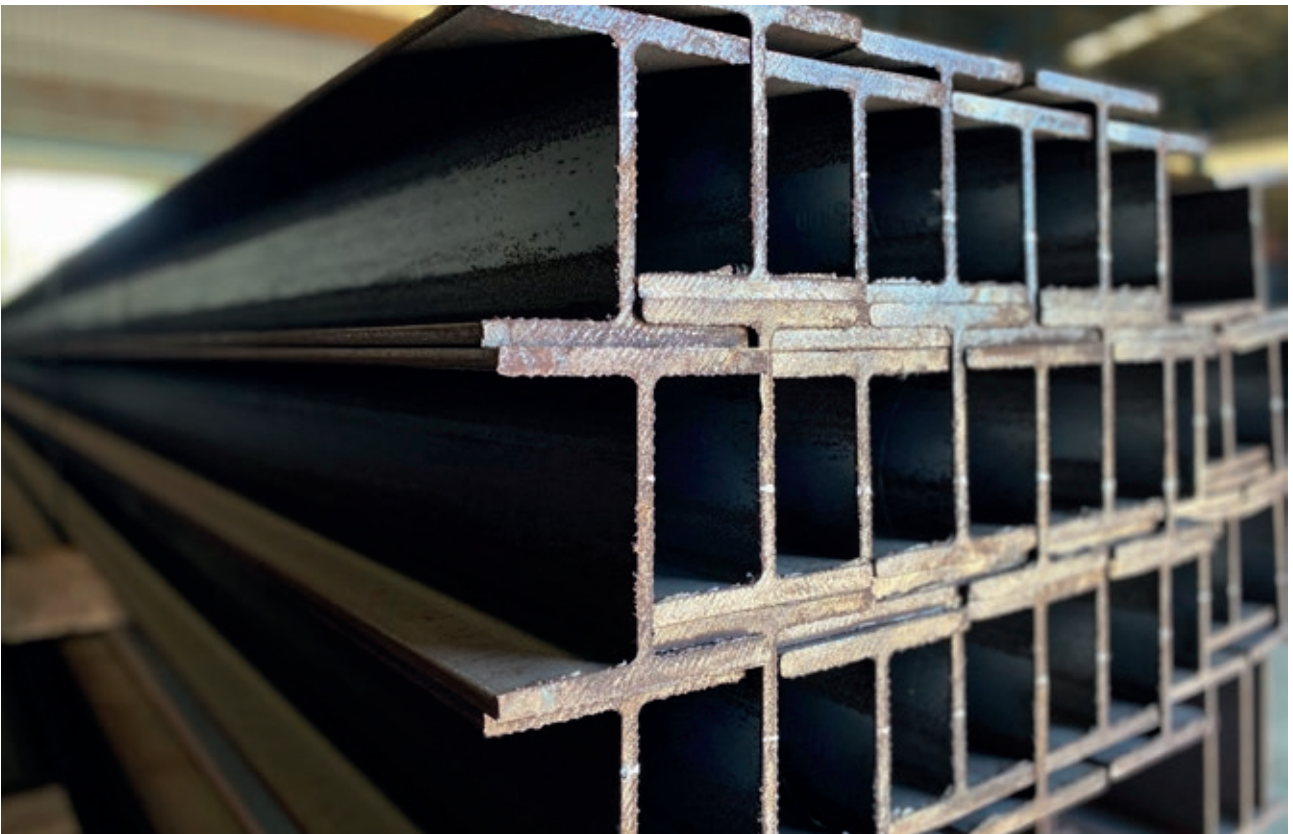

MILD STEEL BEAMS

Mild Steel Beams are most ideal for structures that need a lightweight load-bearing material. They provide support to structures spanning an opening and carrying a load (wall or trailer chassis) above the opening.

Applications

- Construction of Buildings and Structures – Columns & beams
- Automobile body Fabrications (Trailers chassis).

SPECS SHEET

SIZE	WEIGHT (KG)
BEAMS - 203 X 133 X 25KG / M X 12MTRS	300.00
BEAMS - 305 X 165 X 40KG / M X 12MTRS	480.00
BEAMS - 356 X 171 X 45KG / M X 12MTRS	540.00
BEAMS - 254 X 146 X 31KG / M X 12MTRS	372.00
BEAMS - 305 X 102 X 25KG / M X 12MTRS	300.00
BEAMS - 456 X 191 X 74KG / M X 12MTRS	888.00
BEAMS - 203 X 203 X 46KG / M X 12MTRS	552.00
BEAMS - 254 X 254 X 73KG / M X 12MTRS	876.00
