
SAF FRAME
Behind Every Perfect Wall & Ceiling
PERFECT FOR CEILINGS
PERFECT FOR WALLS
PERFECT FOR YOU.

Made by MRM. Trusted by Many.

For years, people across Kenya have trusted MRM to make roofing and building products that last. SAFFRAME is our steel framing system for building ceilings and dry walls. It gives you a clean, straight finish, and it's easy to install whether you're a fundi, contractor or just fixing up your own place.

Why SAFFRAME?

- Get everything you need to build in one package.
- Zinc-aluminium coated frames to prevent rust and damage.
- Strong and durable to support wall or ceiling panels
- Works well in both homes and commercial spaces.
- Easy to install.
